## NEW JERSEY STATPAC CONTRIBUTION

Right now, lawmakers and government officials, not trained in medicine, are making decisions on legislation that may affect our specialty and how we provide our patients' care. It is important that emergency physicians continue to band together and aggressively continue the role of patient advocates.

STATPAC is an effective and efficient way to help us communicate our views to legislators. Help assure that STATPAC will be able to impact on the important legislative issues that affect you and your patients.

**We'd like you to consider STATPAC contributions to be part of your expenses, just as you do for CME, insurance, living expenses, etc...** We're proposing the equivalent of an average contribution of 3 hours of pay or **\$300 per member**.
